- **Vermilion Ranch, Public Auction Yards, and Northern Livestock Video will have staff on sale days to man extra phones. We will be able to take a large number of callers if you so choose to stay at home.**

We understand the seriousness of this virus and we will be taking extra precautionary measures to keep the health and safety of our customers, employees, and our community a top priority. Should circumstances change, and it becomes absolutely necessary to reschedule our Spring Performance Sale, we will post and update on our website and Facebook page. Thank you for your unwavering support through this difficult situation.

The past two weeks have proven one thing to all of us, and its crystal clear, the people involved in Agriculture **DO NOT PANIC.** We've seen blizzards, drought, floods, dead calves, sick calves, loss of crops etc. We, more than any other segment in this society, have been exposed to Trauma, Loss, and Fear for generations. Over these generations we've learned to keep our head up, stay positive, and optimistic. We know things will get better!

We really believe in the days ahead Fundamentally things should get a lot better! Just a couple things to consider:

- Canada has the smallest cowherd since the early 1990's
- We have had 3 very bullish on feed reports in a row, these packers are going to get short of product
- We will have the fewest number of heifers bred in the USA as we've seen in a lot of years

FUNDAMENTALLY THINGS WILL GET BETTER!!

As our friends and customers, your health and safety are always of the utmost importance. If there is anything we can do to assist you during this challenging time, please let us know. Stay safe and healthy.

God Bless,

Joe Goggins & The Entire Vermilion Ranch Family
